NRC ANNOUNCES A WORKSHOP ON LICENSE RENEWAL GUIDANCE DEVELOPMENT

The Nuclear Regulatory Commission will conduct a workshop on October 22 and 23 to obtain stakeholder comment on implementation of the license renewal rule and associated guidance documents.

The two-day workshop will be held from 9 a.m. until 4 p.m. on October 22, and from 9 a.m. until 12 noon on October 23, in NRC's Auditorium, located at Two White Flint North, 11545 Rockville Pike, Rockville, Maryland. Day one will focus on the license renewal application format and content, and staff's process in developing interim guidance to review and evaluate license renewal applications. Day two will focus on environmental review issues. The workshop will provide participants with the opportunity to obtain information, ask questions, and make comments and suggestions for NRC consideration.

The guidance documents are available for public inspection and duplication at NRC's Public Document Room by calling 301-415-4737 or 1-800-397-4209, and at the NRC's web site at <http://www.nrc.gov/reactors/operating/licensing/renewal/guidance.html>. For more information about the guidance documents and upcoming workshop, contact Raj Anand at 301-415-1146, or by email at rka@nrc.gov.
